

QUANG NGO

Android Developer

PORTFOLIO

Android Projects

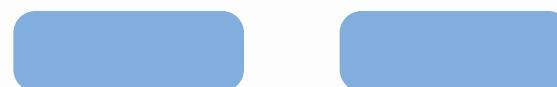

HELLO

I'm Quang Ngo
from Vietnam 

I have Bachelor's Degree in Computer Science from the University of Science, Vietnam National University. With 5-year experience in Android Development, I will provide you a high-end, up-to-date, professional, and responsive work. I am known for working with both businesses and individuals. I'm also a hard-working and dedicated person. Feel free to contact me.

SKILLS & ABILITY

Android Development

I make Android Native App using Java and Kotlin, coding on Android Studio with knowledge of the latest libraries: Navigation Component, Room, Coroutines, MVVM, Hilt...

Design

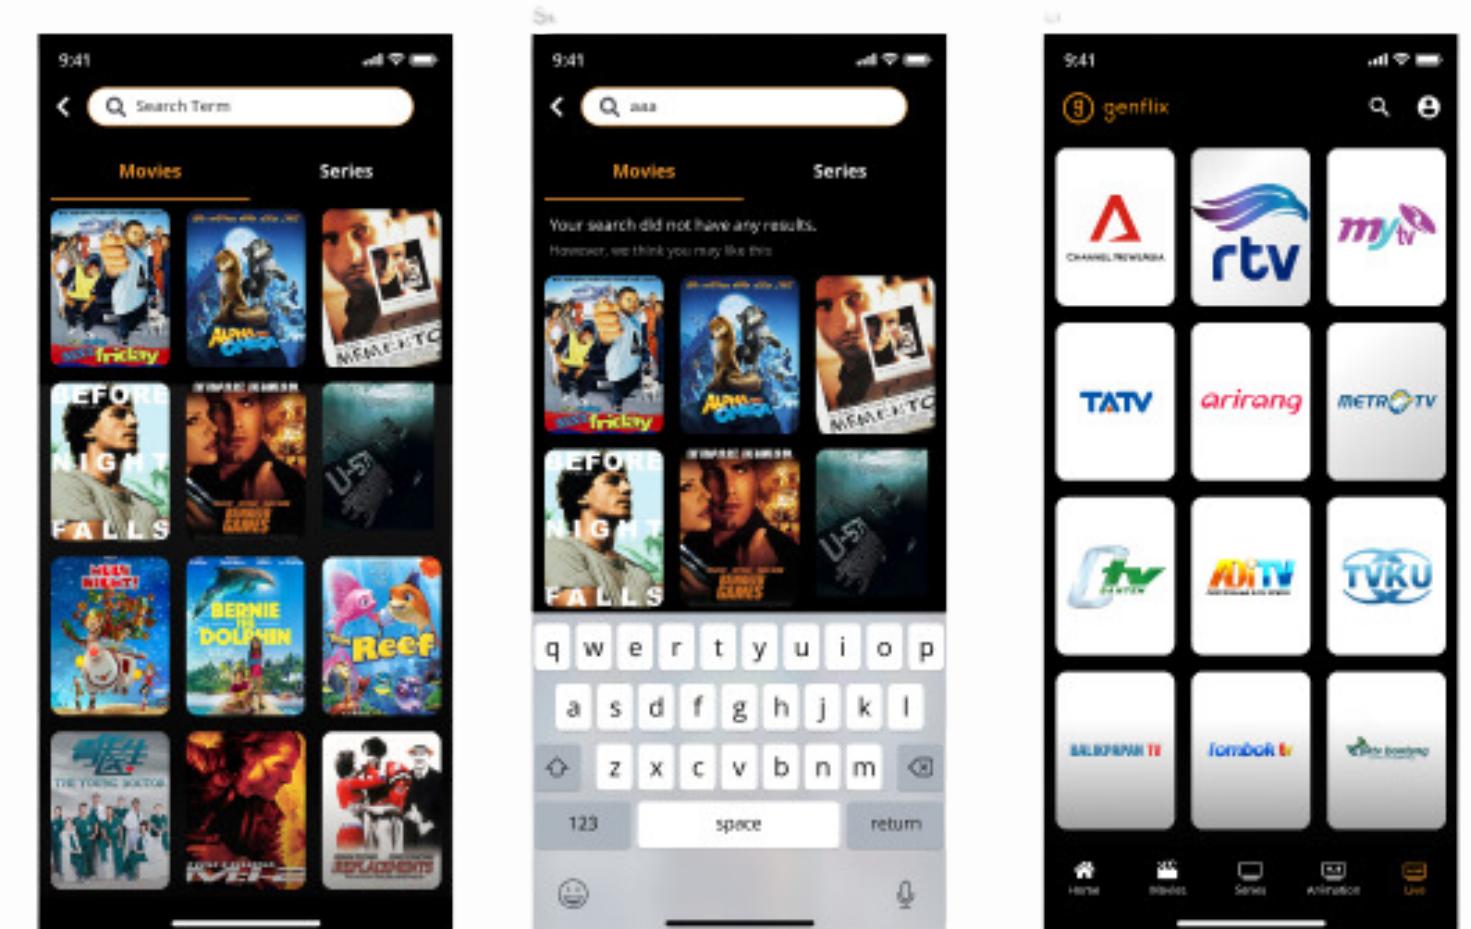

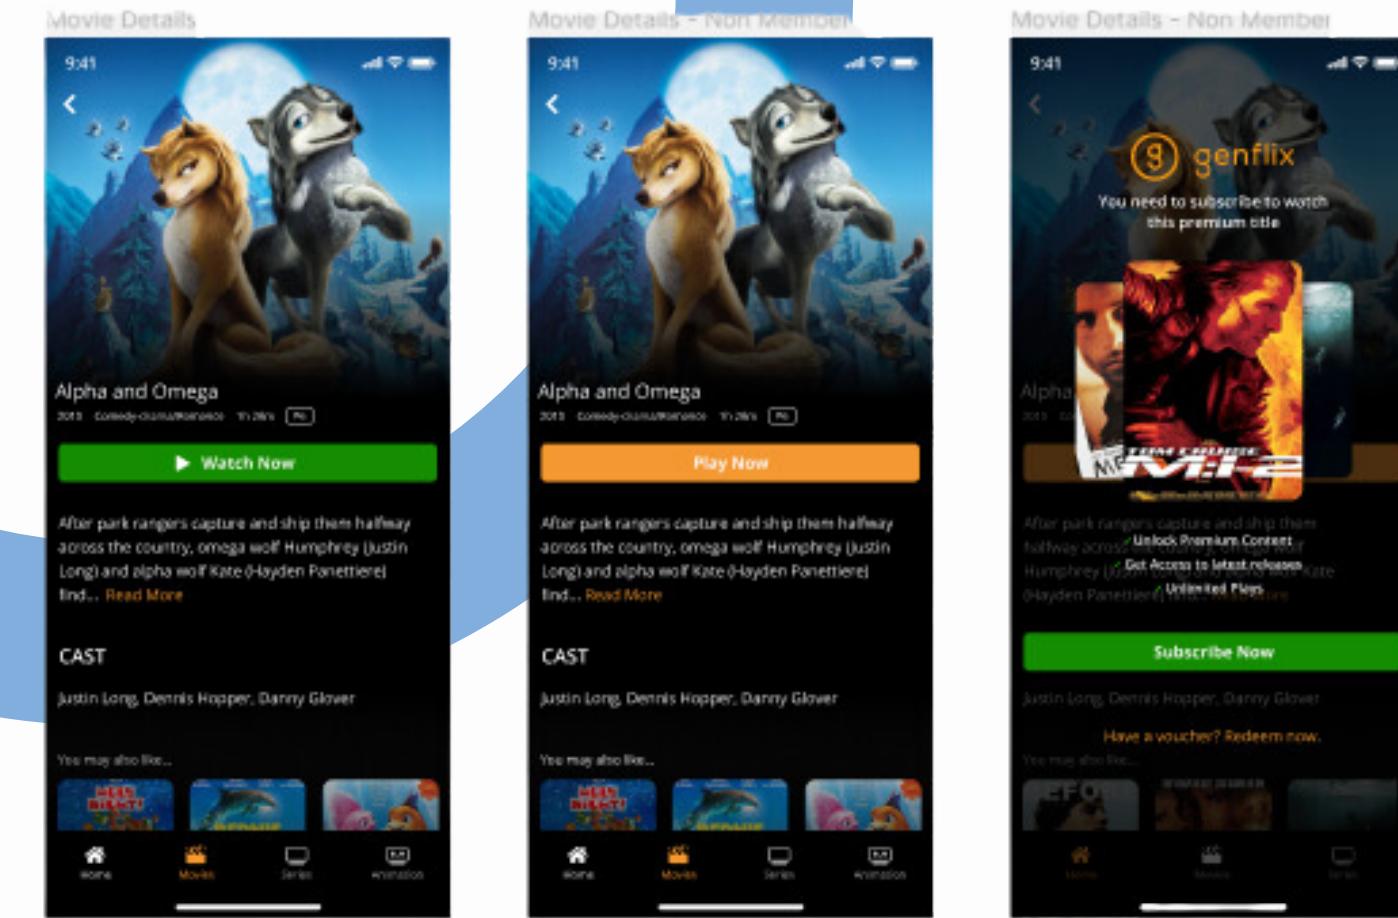

Although I am not too professional, I can also design some simple things: logos, landing pages, graphics... of course, at an affordable cost.
